

- **The goal:** Identify users promoting **hate**
- **The (((echo)))**: Triple parenthesis used by **racists** to label people of jewish heritage.
 - (Self labeled antisemites?)
- **Ambiguity:** the echo is also ambiguous. Compare:
 - Don't Trigger Mr Trump (((Rosenberg))) it might cause him to fire up the ovens #OvenWorthy
 - @USR THIS WOMAN NEEDS A BIG HUG (((HUG)))
- **It takes a village:** Hate does not propagate in a void
- **Approach:** a multi-modal neural architecture, leveraging **text** and **network structure**
